

S.S.P Shikshan Sanstha's
(Linguistic Minority Institution)

Ganesh International School, Chikhali

CBSE Affiliation No. : 1130632

Ganesh International School

S.S.P. Shikshan Sanstha (SSPSS) is a charitable trust (Linguistic Minority) dedicated to the noble cause of Educating young minds since the year 2006.

The first venture is (GEMS) **Ganesh English Medium School (State Board)**, at Dapodi established in the year 2006. GEMS has been growing at an exponential rate since then and is now grooming more than 1000 students successfully.

Ganesh International School was established in 2011 as a part of its expansion program, to reach out to more students of classes Nursery to Std X. The school is affiliated to CBSE curriculum and is growing exponentially.

The mission of the school is to impart quality education that is holistic in nature and lays the foundation for the development of worthy individuals who are intelligent and confident to face life and all that it brings.

We are happy to say that under the able guidance of **Mr.S.B Patil the founder Chairman** of the school, the school is flourishing and expanding to be one of the best schools in PCMC.

Ganesh International School follows the Philosophy that education brings about transformation in an individual. This can be achieved by providing varied learning experiences leading to the holistic growth of the child.

The curriculum at GIS is engineered to incorporate modern and effective teaching learning methodologies.

A spacious and adequate educational set up caters to the needs of the students from classes **Nursery to std. 10th**. The modern building structure houses well ventilated and well lit classrooms, a furnished library and a reading room, computer laboratory, science laboratories, administrative set up, audio visual room and a multipurpose hall for seminars and cultural meets.

A centrally located play ground and a play park caters to sports, mass drills, calisthenics and games where all the students are encouraged to participate whole heartedly.

Co-curricular activities are equally emphasized in the day to day functioning of the school, Saturdays are especially reserved for such activities comprising of abacus, spoken english, dance, drama, elocution, debates, quizzes, singing, Karate, malkhamb, Scout & Guide and much more. Educational trips and tours are the highlights of the school outings.

A well qualified teaching staff is dedicated to the sole purpose of imparting quality education to the students. They are assisted by specialized resource persons from the relevant fields in the form of workshops and seminars on a regular basis.

The School starts its term in the month of June to October followed by a vacation of 2 weeks, the second term commences from November to April followed by a summer break of 6 weeks.

| ▪ Concept Laboratory | ▪ Spacious and well equipped Library | ▪ e-learning facility (Tata Class Edge) |
| ▪ Huge play ground for outdoor games. | ▪ Transport facility | ▪ Multipurpose hall Art / Craft Room |
| ▪ Play park and Garden | ▪ Indoor Games | ▪ Language Laboratory |

Academic Program

- The academic planning is based on the curriculum provided by Central Board of Secondary Education, Delhi (CBSE). Books endorsed by CBSE and NCERT are selected to be a part of the academic program.
- The academic year begins in the first week of April and ends in the month of March.
- The evaluations are continuous and tests / examinations are conducted to provide feedback for the further improvement of the child. Periodical assessments are conducted to verify the learning outcome and total transparency is maintained during the same.
- Literacy alone is not the objective of the academic program but at Ganesh International School we have a vision of nurturing and transforming an individual.
- School has the responsibility to build leaders, nurture intelligence and develop problem solving skills along with a sensitive heart.
- Various activities are incorporated to create appropriate challenges and meaningful outcomes with a sense of accomplishment for the students.

Co-Curricular Activities

- At GIS we take pride in celebrating various national festivals and special days to highlight the uniqueness of our culture. Linguistic and literary activities such as elocution, creative writing, story telling, drama and poster making are included in the regular school days.
- Our Students participate in various sports events and competitions. Physical fitness is of prime importance for students and this value is strengthened through mass drills, aerobics, yoga and outdoor games.
- Mindfulness training is given to all the students by our teachers and experts. Students learn various moral values through skits and special assemblies. A typical day begins with chanting of mantras and meditation.

Day boarding school is of paramount importance for the children of working parents as there is an assurance that their children are safe and secure and looked after well.

The students learn to be more responsible and tend to focus more on academics as expert guidance and mentoring is available on the campus.

A day boarding school manages to bring the best from both the worlds i.e. home and boarding school. Here the child doesn't need to carry the burden of homework and self study back home thus children can spend quality time with parents by avoiding tuition classes which takes away a major chunk of family time there by increasing the stress of academic work.

A day boarding school is also a place where the child gets the opportunity to learn and participate in other leisure activities and hobbies which are generally not available all under one roof.

The day boarding facility takes into account the unique requirements of a child. We also provide assistance and guidance in subject enrichment and preparation for competitive examinations as per the goals and aspiration of the students. This is possible as there is a prevailing sense of discipline and orderliness in all the activities promoting sustained and persistent efforts.

Students also learn to be more responsible and improve in their social behavior which is very important in the long run.

Good manners and moral values combined with confidence and academic excellence pave the way towards a successful and happy life.

Infrastructure and Activities
