Siddhi College Of Pharmacy, Chikhali

## Founders Message

**Mr. S. B. Patil**

Education should always promote diversity, excellence in teaching and learning, qualities of leadership, social and ethical responsibility, communication and collaboration. The core of education is wisdom, insight and responsibility as knowledge alone cannot give rise to values. It is only when knowledge is guided by wisdom and insight that value is created. Therefore, at these educational institutes, every effort is made to stimulate and unleash the dormant wisdom and potential in young minds. The environment of the School is such that it directs the students not just towards academic excellence but also towards the richness of humanity, wisdom, compassion and responsibility.

## Principal's Message

**Mrs. Agnes Mascarenhas**

Ganesh International School is a symbol of progressive and quality education. Our motto is, "We build the citizens of tomorrow. This captures the essence of our spirit. In our school, children will gain an all-round holistic development and achieve their potential in academics, sports, creativity, literary and artistic skills. Instilling good values in our students is our prime objective so we try to hone the talents of our children in a manner that they reach up to their optimal potential. We want them to have fond memories of their time spent with us, long after they have left for future endeavours.

## Vice Principal's Message

**Mrs. Priya Newale**

As the Vice-Principal of the GIS Chikhali, I feel very fortunate to work with many dedicated, committed, caring and innovative staff members, parents and students. Many people consider education as a medium of getting good jobs, living a royal life, earning money and much more. But education doesn't really mean this. Real meaning comes when one's way of thinking gets changed and one starts thinking for the betterment of the society, Country and World at large. On the whole education means holistic development of a child not only restricted to the achievements of academics but also helping the child to come up with those inherited knowledge to build a better tomorrow; with a disciplined way of life.

## LIBRARY

The School has Well-Equipped, Air-Conditioned, and E-Library that provide students and teachers with a range of reference books, journals, newspapers, and internet facilities to enrich their classroom activities and knowledge. From new books, encyclopedias, biographies, novels, best-sellers, syllabus books the school has an organized collection of documented information from across the globe. This Central Library is essential for learning and plays a key role as a place for encouraging innovation, curiosity, and problem-solving, skill of students.

## SCIENCE LAB

We have well Equipped Science Labs, one each for Physics, Chemistry, and Biology. The labs are equipped with Audio-Visual (AV) facilities to enable students to stay in touch with the latest development in Science and Technology. The students are encouraged to interact directly with the data gathered and get a first-hand learning experience by performing various experiments on their own. To further this notion, we organize Science Exhibitions to let students showcase their discoveries and inventions.

## COMPUTER LAB

The School has a Well equipped Computer Lab with Wifi connectivity to cater the needs of students at Junior, Middle and Senior School levels. They gain proficiency and dexterity in current technology with optimized supportive infrastructure with the latest hardware and software and a team of extremely competent staff. The School is committed to a progressive and evolving approach to ensure that our students have the advantage of being familiar with up-to-date technology & advances in IT-based educational initiatives. From this year we have added coding and Robotics.

## MULTIPURPOSE HALL

The School has Spacious Multi-Purpose Hall that is used for a plethora of events and activities like multimedia presentations, competitions, drama and musical productions, physical education, or dining services. It is a hub of all the recreational activities, celebrations, Inter House Events, curricular, activities and Inter-school events that take place in our premises. It has a huge space to easily accommodate spectators to our indoor events and celebrations.

## AMPLE & OPEN PLAY GROUND

Playgrounds are safe spaces where kids develop crucial physical, social, emotional, and imaginative skills necessary to gain self-confidence, improve coordination, team work and advance their critical thinking capabilities. While kids explore School playgrounds, they are building important life skills that will eventually help children become effective thinkers, leaders, and collaborators and provide them with future growth for various opportunities.
